#### 2019

# COST AND WORKS ACCOUNTS (Intermediate Std.)

Time Allowed: 3 Hours]

[Maximum Marks: 300

Read the following instructions carefully before you begin to answer the questions.

#### IMPORTANT INSTRUCTIONS

- 1. The applicant will be supplied with Question Booklet 15 minutes before commencement of the examination.
- 2. This Question Booklet contains 200 questions. Prior to attempting to answer, the candidates are requested to check whether all the questions are there in series and ensure there are no blank pages in the question booklet. In case any defect in the Question Paper is noticed, it shall be reported to the Invigilator within first 10 minutes and get it replaced with a complete Question Booklet. If any defect is noticed in the Question Booklet after the commencement of examination, it will not be replaced.
- 3. Answer all questions. All questions carry equal marks.
- 4. You must write your Register Number in the space provided on the top right side of this page. Do not write anything else on the Question Booklet.
- 5. An answer sheet will be supplied to you, separately by the Room Invigilator to mark the answers.
- 6. You will also encode your Question Booklet Number with Blue or Black ink Ball point pen in the space provided on the side 2 of the Answer Sheet. If you do not encode properly or fail to encode the above information, action will be taken as per Commission's notification.
- 7. Each question comprises four responses (A), (B), (C) and (D). You are to select ONLY ONE correct response and mark in your Answer Sheet. In case you feel that there are more than one correct response, mark the response which you consider the best. In any case, choose ONLY ONE response for each question. Your total marks will depend on the number of correct responses marked by you in the Answer Sheet.
- 8. In the Answer Sheet there are four circles (A), (B), (C) and (D) against each question. To answer the questions you are to mark with Blue or Black ink Ball point pen ONLY ONE circle of your choice for each question. Select one response for each question in the Question Booklet and mark in the Answer Sheet. If you mark more than one answer for one question, the answer will be treated as wrong. e.g. If for any item, (B) is the correct answer, you have to mark as follows:

(A) ● (C) (D)

- 9. You should not remove or tear off any sheet from this Question Booklet. You are not allowed to take this Question Booklet and the Answer Sheet out of the Examination Hall during the time of examination. After the examination is concluded, you must hand over your Answer Sheet to the Invigilator. You are allowed to take the Question Booklet with you only after the Examination is over.
- 10. Do not make any marking in the question booklet except in the sheet before the last page of the question booklet, which can be used for rough work. This should be strictly adhered.
- 11. Applicants have to write and shade the total number of answer fields left blank on the boxes provided at side 2 of OMR Answer Sheet. An extra time of 5 minutes will be given to specify the number of answer fields left blank.
- 12. Failure to comply with any of the above instructions will render you liable to such action or penalty as the Commission may decide at their discretion.

	•		
1.	Cos	t Accounting differs fro	om financial accounting in respect of
•	(A)	Ascertain cost	(B) Recording of cost
, *	(C)	Reporting of cost	(D) Control of cost
•			
	•		
2.	Mat		hoose the correct answer from the codes given below:
		List I	List II
	(a)	Total variable cost	1. Incurred cost
-	(b)	Unit fixed cost	2. Cost assigned to products
	(c)	Actual cost	3. Increases in proportion to output
•	(d)	Period cost	4. Decreases with rise in output
		(a) (b) (c)	(d)
	(A)	1 3 4	2
	(B)	2 1 3	4
	(C)	3 4 1	2
	(D)	•	•
	(D) ·	4 2 3	
3.	Cost	centres are created for	c ·
	(A)	Segregating costs in	to fixed and variable
	(7)	Control and fixing re	esponsibility
	(C)	Making decisions	
	(D)	Ascertaining profit

5.	An integral part of management concerned with identifying, presenting and interpreting information used for	g
	(I) Formulating strategy	
	(II) Planning and controlling activities	
	(III) Optimising the use of resources	
	(IV) Disclosure to employee	
,	(V) Safeguarding assets	
	(A) All are correct	
	(B) Only (I), (II) and (III) are correct	
	(C) (I), (III) and (V) are correct	
	(D) (I), (III), (IV) and (V) are correct	
6.	A product cost estimate derived from a competitive market price is called as	٠
	(B) Periodic cost	
	(C) Sunk cost (D) Multiple cost	
·		
7.	Assertion (A): Cost accounting does not include financial accounting + tax accounting	
	Reason (R) : Financial accounts are not maintained with the object of fixing selling prices	
•	Both (A) and (R) are true and (R) is the correct explanation of (A)	
	(B) Both (A) and (R) are true but (R) is not the correct explanation of (A)	
	(C) (A) is true but (R) is false	
	(D) (A) is false but (R) is true	
8.	Imputed cost is a	
	(A) Notional cost (B) Real cost	
	(C) Abnormal cost (D) Variable cost	
بر		
9.	Warehouse rent is a part of	
	(A) Prime cost Distribution overhead	
•	(C) Selling overhead (D) Factory overhead	1

10.	Which of the fo	llowing statement is <u>no</u>	t correct		
•	Stores le	dger is kept by store ke	eper		•
•	(B) The econ	omic order quantity is t	the re-order quantities		
	(C) Weighted	d average method reduc	es the effect of fluctuat	ions in prices	
	(D) High inve	entory turnover rate in	dicates that the materia	al in question is	fast moving
	· · · · ·				
11.	Assertion (A):	Perpetual inventory and issue of material	system ascertains stoo	ck balance afte	er every receip
	Reason (R)	Perpetual inventory s	system avoids closing do	own of firm for	stock taking
	Both (A)	and (R) are true and (R	) is the correct explanat	tion of (A)	
	(B) Both (A)	and (R) are true but (R)	) is not the correct expla	anation of (A)	
	(C) (A) is tru	e but (R) is false			•
	(D) (A) is fals	se but (R) is true			•
12.	LIFO standards	s for		•	
	(A) Loss in fi	rst out	(B) Last in firs	tout	
	(C) Last in fa	ast out	(D) Last in first	t output `	
13.	Calculate mater	rial inventory turnover	ratio from the following	•	
		n 1.1.2018 Rs. 10,000			
		ng the year Rs. 52,000			
	Closing stock on	a 31.12.2018 Rs. 6,000	•		• •
	(A) 5 times		7 times	. •	•
	(C) 5.5 times		(D) 6.5 times		•

#### 14. Replacement price method is

- (A)  $\ \ \$  The current purchase price of material is charged on the issues
- The current market price of material is charged on the issues
- (C) The old market price of material is charged on the issues
- (D) The cost price of the material is charged on the issues

15.	Sma	l tools purchased are
	(4)	Charged to overhead expenses at the time of purchases
÷	(B)	Charged to machinery account
	(C) ·	Charged to jobs during the period of purchase
	(D)	Charged to costing Profit and Loss account
: :		
16.	The	value of closing stock approximates to the market value under the method of
	(A) ,	FIFO LIFO
	. (C)	NIFO (D) HIFO
	` '	
17.	Whic	h of the following statements regarding techniques of inventory control are correct?
	(A)	Fixation of selling price with good profit
	(P)	Establishment of inventory budgets
	(C)	Establishment of inventory sales
	(D)	Fixation of profit with high return
18.	Whic	h one of the following is incorrect?
÷	· (A)	Minimum stock level Total stock level
,	·(C)	Average stock level (D) Maximum stock level
19.	Scrap	o is a
		Residue of raw material (B) Wastage of material
	(C) · ·	Surplus material (D) Abnormal loss of material
20.	Matc	h the following:
		Title of report Submitted to
	(a)	Material usage and wastage report 1. Store keeper
	(b)	Material price variance report 2. Works manager
	(c)	Physical verification report 3. Top management
•	(d)	Material shortage report 4. Purchase committee
		(a) (b) (c) (d)
	(A)	1 4 3 2
	(3)	2   4   1   3
	(C)	$3 \qquad 2 \qquad 1 \qquad 4$
,	(D)	$egin{array}{cccccccccccccccccccccccccccccccccccc$

21.	Calculate labour turnover under replacement method						
	Number of employees replaced during 20	012:1000					
•	Average number of employees during 201	12 : 8000					
	(4) 12.5%	(B) 10.5%					
	(C) 8.5%	(D) 10%					
22.	When the rate per hour is Rs. 1.50 per h	our time allowed for job is 20 hours and time take					
	is 15 hours the total earnings of the work	·					
•	26.25	(B) 25.26					
	(C) 22.56	(D) 26.52					
* :							
23.	Time and motion study is essential for						
	(A) A rational promotion policy						
	(B) Completing a job on time						
	Determining the standard time and	d correct method of completing a task					
	(D) Determining prices of products						
•							
24.	From the following calculate Actual time	taken by a worker.					
	Actual output on the day = 25 units						
	Standard output of product $Z = 20$ units i	n a day of 8 hours.					
	(A) 6 hours	(B) 8 hours					
•	(C) 12 hours	10 hours					
25.	Time wages are paid on the basis of						
	(A) Standard time	(B) Time saved					
•	(C) Output produced .	Actual Time					
	•						
26.	Find the overtime hours and overtime wa	ges from the following.					
,	Actual hours worked = 50						
	Normal working hours = 40						
•	Normal wage rate = Rs. 25 per hour						
ı	10 hours and Rs. 250	(B) 10 hours and Rs. 500					
	(C) 10 hours and Rs. 1000	(D) 100 hours and Rs. 250					
4							

27.	The	formula to measure labour turnover u	ınder r	eplacement rate method is
•	(A)	$\frac{\text{No. of worker left}}{\text{No. of worker at the end}} \times 100$		
	· (B)	$\frac{\text{No. of worker replaced}}{\text{No. of worker at the beginning}} \times 10^{-10}$	00	
	(C)	No. of worker Appointed for Extension Average No. of worker	$\frac{\text{sion}}{\times}$	100 –
		$\frac{\text{No. of worker replaced}}{\text{Average No. of workers}} \times 100$		
-				
28,	Diffe	erence between attendance time and jo	ob time	18
