## SECTION X

## STATUTORY RULES, REGULATIONS, ETC:

*I. Promulgation and Amendments :*

During the period under report, there were 343 cases of issue of statutory rules and amendments to them by the Government. In respect of 285 of them, the Commission was consulted before they were issued. Of the remaining, 27 were of a routine nature. There were 31 cases in which the Commission was not consulted. However, those cases related either to posts excluded from the purview of the Commission or to matters in respect of which under Article 320(3) of the Constitution of India, consultation with the Commission was not necessary.

*II. Relaxation :*

During the period under report there were 156 cases in which statutory rules were relaxed by the Government.

In 2 cases, orders of relaxation were issued by the Government in respect of pension matters. In 1 case orders of relaxation were issued by the Government in respect of certain provisions of the Fundamental Rules, Tamil Nadu Special Pay and Allowances Rules and the Tamil Nadu Travelling Allowance Rules.

In 174 cases, orders of relaxation were issued by the Government in respect of the provision of the C.P.F. (Madras) and General Provident Fund (Tamil Nadu) Rule.

During the year there were 61 cases in which statutory rules relating to age-limit and or educational qualification as the case may be were relaxed by the Government.

## SECTION XI

## APPEALS PROPOSALS AND DISCIPLINARY ACTIONS, ETC.

The Commission dealt with 461 cases (including 135 cases pending as on 1—4—1983) during the year under report. The Commission had dealt with 401 cases in 1982—83 including 99 cases pending as on 1—4—1982. Of the 461 cases, the Commission called for the records or particulars in respect of 13 cases and the Commission's advice was communicated to the Government in respect of 232 cases, leaving a balance of 229 cases. Of the 232 cases, the Commission advised modification of punishments in respect of 33 cases. In respect of 11 out of 229 cases, records or particulars are still awaited.

2. Of the 232 cases on which the Commission's views were communicated, the Government had passed orders on 212 cases leaving balance of 20 cases.

3. The average time taken by the Government in making a reference to the Commission, the time taken by the Commission in giving its advice and the time taken by the Government in issuing orders are as follows:—

Year.	Number of cases.	Average time taken by the Government for making a complete reference to the Commn. after issue of charge sheet in respect of disciplinary action appeal, etc.	Average time taken by the commission for giving its advice.	Average time taken by the Govt. for passing orders after issue of Commission's advice.	Total time taken (3+4+5).
1983—84	212	18.87 months.	7.02 months	6.02 months, or 32 months.	31.91

4. Disciplinary cases have necessarily to be considered with great care and therefore considerable time is required for examining all the records and reaching a conclusion on the charges and the penalties if any, to be imposed. The Commission has taken steps to see that no avoidable delay occurs in dealing with the cases. Details of number of the cases involving charges affecting integrity and number of the cases involving charges other than integrity, according to departments in respect of Appeal/Petition/Review petition/Disciplinary action/Proposal for recovery/or Reduction in pension are furnished in Appendix (E).

5. The Commission also advised on two references for legal assistance and on one reference relating to grant of injury pension. The Commission was consulted by the Government and other appointing authorities in 9 cases in the matter of requests of alterations of date of birth of Government servants.

## SECTION XII

## GOVERNMENT AND THE COMMISSION.

## (A) Instances of Deviation from the Commission's advice:

The post of Physiological Chemist in the Madras Medical College in the Tamil Nadu Medical Service is within the Commission's purview. The post is governed by the *ad-hoc* rules issued in G.O.Ms. No. 2453, H. & F. P. dated 4th November 1974. The Government in the Health and Family Welfare Department in September 1981 proposed to regularise the temporary services of the incumbent in the above post stating that the individual had put in a service for over nine years and it would cause hardship to the individual if she was ousted from service at the distance of time and sought the concurrence of the Commission for her regular appointment under the latter part of Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations, 1954. The Commission considered the above proposal and found no justifiable reason to accord its concurrence under the said Regularisation for the regulations of the temporary services of the individuals, merely on the ground that she had put in long years of service in the said post and therefore it suggested to the Government that the individual be asked to apply to the Commission when it advertised the post for direct recruitment and take her chance. The Commission also requested the Government to state whether the vacancy in the post might be advertised by the Commission for direct recruitment. The Government in September 1982, requested the Commission to reconsider its views and accord its concurrence in the matter stating that there was no certainty that she would get selected by the Commission in the event of its holding an open selection, that if she was not selected, she would be thrown out of employment after a service of ten years that too due to administrative delay and that it would create undue hardship to her as she might not be able to get employment elsewhere, her age being 40. The Commission reiterated its earlier views stating that temporary services of the individual alone could not be the sole factor for regularising her services in the said post and that if once the temporary services were given weight to appoint her on regular basis without following the prescribed procedure of recruitment, requests from other similarly placed personnel could not be denied, thus throwing the entire procedure of open market recruitment, to naught. The Government preferred to deviate from the views of the Commission and in G.O.Ms. No. 939, Health and Family Welfare, dated 8th June 1983, they issued orders appointing the individuals as Physiological Chemist, Institute of Physiology and Experimental Medicine, Madras Medical College, Madras on a regular basis, as a Special case, considering her age (40 years) and her over ten years of service in the post. The Commission regrets to note that the Government have chosen to deviate from the Commission's advice, which is accepted except when matters of policy or imperative reasons exist and to regularise the services of an individual after allowing her to continue in temporary service for over 10 years without taking any steps to make recruitment to the post according

2. Thiru K. S. Sankaranarayanan was holding the post of Special Tahsildar, Urban Land Tax Collection, Coimbatore from 1st March 1975 to 6th November 1975. Disciplinary action was instituted against him for not verifying the Collection accounts then and there, collected towards Urban Land Tax by an Ex-village Headman resulting in misappropriation of Government money to the tune of Rs. 13,090-60. The appellant submitted his explanation. Finally, the Special Commissioner and Commissioner for Revenue Administration held the charges proved and passed final orders stopping the appellant's increment for three months without cumulative effect. Against that order, the appellant preferred an appeal to the Government. The Government forwarded the appeal to the Commission for the Commission's views under Regulation 18 (1) (a) of the Tamil Nadu Public Service Commission Regulations 1954.

The Commission, after carefully going through the records of the case, advised the Government to set aside the punishment imposed by the Commissioner for Revenue Administration on the appellant and to let him off with a warning as had been done in respect of other officials on the same charge, for the reasons that the records did not show any special circumstances in the case warranting the punishment of stoppage of increment for 3 months without cumulative effect. But the Government have issued orders rejecting the appeal in deviation from the Commission's advice observing that the appellant had no excuse for his failure to check the collection accounts when he had been posted specifically for that purpose. They have considered that the punishment imposed on the appellant by the Special Commissioner and Commissioner for Revenue Administration is not excessive.

The orders issued by the Government are in violation of the convention established by the Government themselves that the recommendations of the Commission shall ordinarily be accepted except where matters of policy are involved or where imperative reasons exist for not accepting them, especially when 2 other Special Tahsildars and 3 Special Deputy Tahsildars besides 8 Revenue Inspectors have been let off in the same case and the natural justice required equal treatment to all in the similar circumstances.

3. In May 1982 the Government in the then Food and Co-operation department sought for the Commission's concurrence under the latter part of Regulation 16(b) of the Tamil Nadu Public Service Commission Regulations 1954 for the regular appointment of a candidate as Junior Assistant in the Civil Supplies department. The posts in the Civil Supplies department were brought within the Commission's purview with effect from 1st December 1956 but candidates are allotted to the

Civil Supplies department from 1972. The candidate was appointed as Lower Division Enquiry Officer in the Madras Rationing set up temporarily on 27th October 1965 but the establishment was brought under the control of the Deputy Commissioner, Rationing and then of the Commissioner of Civil Supplies from 1st July 1970. He does not possess the age and educational qualifications prescribed for the post of Junior Assistant. He appeared for the Special qualifying examination conducted by the Commission in the year 1977 but failed to obtain the minimum qualifying mark of 30 per cent for selection. He did not apply at all for the special qualifying examination held in the year 1981 as he did not possess the minimum general educational qualification then insisted upon by the Government. The Government approached the Commission for its concurrence for regularising the services of the candidates on the grounds (i) that he had put in 17 years of continuous service in the Civil Supplies department (ii) that he belonged to Scheduled Caste and (iii) that if his services were not regularised he would be thrown to the streets without employment. After careful assessment, the Commission refused to accord its concurrence on the grounds that he was unqualified for the post of Junior Assistant and failed to secure even 30 percent of marks at the Special Qualifying Examination in the year 1977. The Government however, issued orders in G.O. Ms. No. 886, Food and Consumer Protection department dated 27th September 1984 regularising his services as Junior Assistant by relaxing the age and educational qualifications in his favour from the date of issue of the G.O. despite the Commission's refusal to accord its concurrence for such appointment. The Commission is of the opinion that the action of the Government in appointing an unqualified person temporarily as Junior Assistant and allowed him to continue in the service of 19 years and then appointing him regularly mainly on the ground that he is continuing in the department for 19 years is not justifiable.

#### ACKNOWLEDGEMENT.

The Commission records its appreciation of the willing Co-operation extended by various Trusts, Educational Institutions and their officers in the matter of providing suitable accommodation for the various examinations held by the Commission.

The Commission is also grateful to the examiners and expert advisers, with inspite of their personal inconvenience readily accepted the Commission's invitations and assisted it in the conduct of different examinations and selections of officers to the various posts under the State Government.

Finally the Commission places on record its appreciation of the loyal and efficient service rendered by its staff throughout the year.

## GROUP VI SERVICES—FOREST APPRENTICE, 1986.3

### EXTRACT OF REPORTS RECEIVED FROM EXAMINERS.

*English.*—The candidates had done well in Essay, Comprehension and Dialogue writing though they had not fared well in precis writing, letter writing and grammar. Generally the performance of the candidates was satisfactory.

*General Knowledge, Paper I.*—Generally the performance of the candidates was satisfactory.

*General Knowledge, Paper II.*—The General performance of the candidates was good as the questions were rather easy to answer.

*Mathematics, Paper I.*—The candidates did not fare well in this paper.

*Mathematics, Paper II.*—The general performance of the candidates was fairly well though many candidates did poorly in questions on theoretical geometry.

*Optionals*—

*Mathematics.*—The performance of the candidates was

*Physics*.—The performance of the candidates was below the level of expectation. It seemed that many candidates prepared for the Pre-university syllabus instead of the Higher Secondary syllabus due to misconception of the syllabus for this examination.

*Chemistry*.—The performance of the candidates was rather poor and they did not appear to have prepared for the examinations.

*Botany*.—The general performance of the candidates was not so well.

*Zoology*.—Generally the performance of the candidates was satisfactory.

*Geology*.—Generally the performance of the candidates was satisfactory.
